Comments:

The Peninsula Community Planning Board received its FAA Part 150 Study update by its Airport Committee Chair March 19, 2009. The Board rejected the following mitigation measures under consideration:

① Night time preferential runway use

② Immediate left turn over the bay

③ 310 Departure headings

The Board requests more ~~over~~ information on the following:

③ RWAV Procedure for 290 Heading Departure

③ Aggressive Noise Abatement Departure Procedure

IN FAVOR OF: Fly Quiet Program (Replace MD80 and other stage 3 planes)
