Suhail:

I apologize for my lack of communication, I have been busy with work and the kids (and the dog). Anyway, the puppy being run over and being in the ER during the last meeting just makes it clearer to me that while my desire is there, my abilities to perform are hindered at times. It would be better for our board as well as the committee, if there was another board member that could fulfill the duties of being on the airport subcommittee as well as be the Vice Chair. The airport is obviously the most important issue facing our community right now and needs someone that has a passion for this committee, and the time.

Trying to work as well as taking care of the kids and their needs, especially during the Summer, is proving to be more challenging as they get older. I apologize for accepting the position and not being able to perform. Let me know if you need anything more formal than this.

Success,

J. Scott Brown
