

NOTICE OF A PUBLIC HEARING ON TITLE 14 CODE OF FEDERAL REGULATIONS  
PART 150 AIRPORT NOISE COMPATIBILITY PROGRAM UPDATE FOR  
SAN DIEGO INTERNATIONAL AIRPORT  
SAN DIEGO, CALIFORNIA

The San Diego County Regional Airport Authority (SDCRAA) will hold a Public Workshop/Hearing on the recommendations in the Airport Noise Compatibility Program Update for San Diego International Airport on January 14, 2010. The hearing, as part of a third public workshop scheduled from 5:00 – 7:00 PM, will include a stenographer to take public comments on the recommendations.

The SDCRAA has prepared an update to the Airport Noise Compatibility Program (NCP) for the San Diego International Airport; based on the requirements and guidelines of Title 14, Code of Federal Regulations, Part 150, Airport Noise Compatibility Planning. The Noise Compatibility Program Update is sponsored and jointly funded by SDCRAA and the Federal Aviation Administration. The recommended program proposes noise abatement, land use management and program monitoring intended to reduce the impact of airport noise levels on current and future residents and to prevent the introduction of new non-compatible land uses in the vicinity of the airport.

The SDCRAA has conducted two previous public workshops regarding the recommendations in the NCP update. All the suggestions received during the workshops were considered in the development of the NCP.

The San Diego International Airport Noise Compatibility Program Update will be available for review at the following locations beginning January 4, 2010:

- San Diego Central Library, Government Documents, 820 E Street, San Diego CA 92101-6478.
