PCPB Airport Committee Chair reports:

- a. **Regional Aviation Strategic Plan** (meeting 2/18/10) – Kehoe Newsletter RASP update Jan.2010 & DOT CA Land Use Planning Handbook update.
- b. **Airport Technical Advisory Group** – Kehoe request to complete EIR for Urban Alice's & Commission adopt w/Negative Declarations 1/25/10
- c. **Noise Technical Advisory Group** – part 150 study meeting notes 1/14/10
- d. **Airport Advisory Committee** (meeting 2/19/10) – SDIA Ground Transportation Management Plan (incentive-based program) pursuant to CA Attorney General M.O.U. & Shapery letter 1/28/10 re: “do process”.

Guest Speaker:

Amanda Lee – City Of San Diego (Senior Planner) – land development review, Development Services. Ms. Lee will be addressing adoption of Airport Land Use Compatibility Plans (ALUCPs) that reflect the projected use of local airports and establish compatibility requirements for the surrounding airport influence area. New development within a designated airport influence area must comply with the applicable ALUCP on the date of adoption by the Airport Authority, despite any inconsistencies with local land use plans or zoning. In addition, all residential real estate transactions in an airport influence area are required to disclose that the property for sale is located in an airport influence area.

Action Item: Community Letter to Mayor Jerry Sanders' requesting District 2 representation on SDCRAA Board prior to SDIA ALUCP update process begins.
