

# Peninsula Community Planning Board Airport Committee

Chair: Robert MacCulloch, Co-Chair: Suhail Khalil (Secretary)  
PCPB Committee: Charles Mellor (ex-officio), Jay Shumaker and Donna Kaup  
Community Member(s): Neil Zerbe, Chris Chinman and Paul Grimes

R.M. 6-25-10

## GOALS & OBJECTIVES

JK 6-25-10

### Objectives:

- Effectively present all PCPB perspectives, concerns and positions regarding San Diego International Airport (SDIA) master plans (short & long term) including existing facilities in operation.
- Accurately communicate facts to PCPB regarding SDIA master plans, environmental impact reports, capital improvement programs, land use compatibility plans including but not limited to; expansion, safety, traffic, noise, air quality, easements, over-flights and air space protection that directly affecting our community.
- Engage SDCRAA in discussions regarding future augmentation of SDIA impacting our quality of life. Promote long term solutions that will enhance commercial and military aviation's missions in our region.
- Recommend solutions to inconsistent land use compatibility plans adversely impacting community.
- Engage Military Air Stations regularly to promote direct dialogue and to provide constructive comments to Air Installation Compatibility Use Zone updates.
- Collaborate with all public agencies, community groups and private stakeholders to understand regional consensus and participate in viable long term solutions.

### Goals:

- Conduct monthly committee meetings
- Work cooperatively with SDCRAA board, staff and subcommittee members.
- Consistently attend all substantive meetings conducted by SDCRAA and/or ALUC.
- Maintain objectivity to ensure community's credibility and integrity
- Promote public outreach to inform community of airport impacts & mitigation measures.
- Secure District 2 seat on SDCRAA board
- Secure PCPB seat on Regional Aviation Strategic Plan – SDCRAA subcommittee

### San Diego Regional Airport Authority (SDCRAA) subcommittees

- Airport Advisory Committee – regional stakeholders to advise SDCRAA
  - Airport Technical Advisory Group – land use compatibility planning
    - Airport Noise Advisory Committee – noise monitoring
- Noise Technical Advisory Group – noise mitigation measures for FAA approval
- Regional Aviation Strategic Plan – long term regional transportation planning
