Subject: Follow-up to Airport Authority (SDCRAA/ALUC) meeting 4/1/10

Dear Thella and Robert,

Per your request, please find a summary list of concerns I presented yesterday, which our community would like you to address below. I appreciate your reply to confirm these matters will be addressed by SDCRAA / ALUC in the near future. I have copied Councilman Faulconer (District 2), Point Loma Association (President), City Planning Department (Senior Planning-airport liaison), Point Loma Chamber (President), Rotary Club of Point Loma (President) and San Diego Port Tenants Association (President) whom I have contacted and will continue to collaborate with regarding airport land use compatibility concerns affecting our community.

1. **Airport Land Use Commission** - support direction to Mayor to appoint City District 2 Representative as a voting member of Airport Authority (letter attached)
2. **Regional Aviation Strategic Plan** - request Town Hall Meeting to update community on process and status.
3. **Terminal Development Program** - publish baseline CO2 emissions to measure impacts to our community and define "Green Build"
4. **Air Quality Management Plan** - address SDIA incentives for commercial & general aviation to invest in stage four aircraft (Fly Quite & Green)
5. **Quieter Home Program** (1) - address consequences to SDIA Title 21 Variance and SDIA Curfew upon completion of program
6. **Quieter Home Program** (2) - publish reduction of carbon foot print for each home that is sound attenuated.
7. **Airport's Internet-Based Aircraft Flight Tracker** - publish degree of accuracy, add FAA control tower contract phone #, calibrate secondary PASSUR system with primary FAA radar system, obtain FAA certification, enlarge internet map and add overlays (SDIA noise monitors, parks, schools and churches).

It has been my pleasure to serve our community on Airport Authority subcommittees and to ensure our concerns are addressed. I appreciate your attention to ensure transparency and accountability. Thank you.

Sincerely,

Suhail Khalil
Peninsula Community Planning Board
Airport Subcommittee Chair
