Community Testimonials

"Mr. Suhail Khalil is a key leader in the Point Loma community, whom I as Commanding Office, Naval Base Point Loma, rely upon to seek counsel regarding issues that impact the community. His insight on community planning is vast and his ability to bring parties together to seek common ground on divisive issues is truly remarkable. When I first reported to Naval Base Point Loma, Suhail reached out and visited me to introduce to me some of the issues at Liberty Station and encourage me to take an active role in resolving the long standing issues surrounding the NTC Boat Channel - today we have a timeline outlining a concrete way ahead. Suhail has also been very productive at Town Hall meetings regarding regional transportation plans including patterns on Rosecrans and Catalina, airport redevelopment plans and Naval Base Point Loma's major construction projects."

CAPT Paul Marconi, USN

I encourage the re-election of Suhail Khalil to the PCPB. I've known Suhail for approximately 8 years and his character, qualifications and dedication are all beyond reproach. Suhail possesses a keen awareness of the long-term needs of the community for balanced sustainable development. He is the rare individual who has the skills to lead, the passion for service and the personality to get things done. He enthusiastically listens to all sides of a debate and uses all available information to make a decision for the long-term welfare and health of the Peninsula community. I encourage you to join me in casting your vote for Suhail Khalil.

Continued Community Testimonials

Suhail has repaired the rift between the PCPB and Regional Airport Authority with a "let's work together" attitude, not an "in your face" opposition mentality. While Suhail has gained respect by the RAA, he has shown strong opposition for Destination Lindbergh, wider paths of aircraft departures, the RAA's monopolistic land use authority, curfew hour reduction and increased community noise. Suhail is a positive influence on airport issues and he fully supports real world airport solutions that will benefit the Peninsula community. I encourage you to vote for Suhail Khalil on April 8, 2010."

Suhail Khalil displays a high level of commitment, energy, goal achievements and leadership in addressing issues that concern all of us in Point Loma. His efforts to oppose Lindbergh expansion, reduce air noise and reduce traffic on Rosecrans are just a few of the many reasons we will be casting a vote for him on April 8th. As a homeowner in Point Loma for over 16 years, we know we can trust Suhail to make the right choices for us!

Richard and June Weiner
Point Loma Homeowners

Dear friends and Point Loma residents. Please vote for my friend Suhail. I have had the pleasure of interacting with Suhail in both a professional and personal capacity. He is knowledgeable, trustworthy, a good friend, and will continue to represent you well.

Steve Moore

Senior IT Systems Engineer, Liberty Station

Confronting permit loop-holes effecting neighborhood characteristics: *Suhail, I just want to compliment you. You did such a fantastic job. You really did well. I really appreciate you doing that. When the conversation got heated at the end it had mirrored everything that everyone in the neighborhood was feeling but felt inappropriate to say. Suhail for Mayor! Thank you.*

Retired Fire Captain
Tivoli Street Homeowner

Mediating concerns on ministerial project impacting neighborhood characteristics: *Suhail, thank you for your presence. I appreciate your balanced approach at the meeting and your ability to have everyone heard and listened too. I want to underline, when we get into these projects, sometimes it's easy to get caught up into the project itself and not think about the neighbors. I can now say that in future projects I will have more consideration for the neighborhood and its impacts. It was not foremost on our minds. I guess the excitement of the project took its own life. All that said; I appreciate where you are coming from.*

Architect for Point Loma remodel

Suhail, I strongly support your bid for a seat on the PCPB. I have seen the positive effect of your work and feel you have been a tremendous asset in serving our community. You have my vote and I hope the vote of all other residents of the Peninsula.

Nancy Carrasco

Liberty Station Homeowner

Suhail and I share many values and goals. I have seen him put those values to work as a father, Little League Coach and Community representative. Help him continue to complete his goal of representing us on the PCPB. It is people like Suhail that help make PL a great place to live and raise a family.

Suhail Khalil's service on the Peninsula Community Planning Board exemplifies the transformation of that board to a high level of effectiveness. Suhail has chaired the Airport Subcommittee and worked tirelessly to represent our community. Log on to pcpb.net and see what has been and is being done to assure that our community has a say in SAN airport planning and expansion. We need to reelect Suhail and maintain the momentum of his efforts. As a frequent attendee of meetings I have the highest opinion of Suhail's ethics and integrity.
