A Peninsula resident since 1979, see San Diego's future as grim without Proper Funding and Investment into its Infrastructure. Concerned for the Safety of Peninsula's residents & family investments into Property Values that are facing major devaluation. Peninsula's future is being compromised by those who wish only 'short-term' personal Profits with unwarranted Expansions at Lindbergh Field and Densification of Pt. Loma.

PLEASE SHARE ANYTHING IN PARTICULAR YOU WISH TO ACCOMPLISH AS A MEMBER OF THE BOARD: As Peninsula is still a '90% residential community', a return of the board's members to a 'mostly residents-concerned based board' to focus on maintaining or restoring our prior Quality of Life. Ie. Making sure this well-educated and motivated area's residents are able to get at least a full eight-hour night's sleep for the next 20 yrs.-not going to happen if the Airport Authority/Developers are in charge.
